EDGE SYSTEMS ONE CELEBRATES FIVE YEARS OF GIVING ROOFING CONTRACTORS THE EDGE

Waukesha, WI—Metal-Era, Inc., the national leader in commercial roof edge and roof ventilation solutions, announces the five year anniversary of [Edge Systems One](#). The success of this program was built around creating a [tested](#), fast and economical roof edge program that catered to the needs of the contractor. With a continually growing customer of roofing contractors across the country and a network of distribution centers, the need for a program of this type is clear.

“Affordability and performance are always critical components for any product, however, with the challenges brought on by today’s economy, it’s even more important,” says Chief Operating Officer, [Tony Mallinger](#). “That’s one of the reasons why Edge Systems One is so popular. We’ve structured this program to meet customer’s key needs and we’ve continued to listen to our customers to keep Edge Systems One their ideal solution.”

Edge Systems One consists of two fascia systems: [One Edge](#) and [One Fascia](#) and one coping system: [One Coping](#). This budget-friendly program saves money in a variety of ways:

- 12’ lengths for less material handling and quicker installation
- No stripping in for less materials cost and reduced labor
- Reduced liability due to engineered design performance and code compliance
- Next day shipping on fascia systems when using one of [15 Express Colors](#)
- Reduced base material price for instant savings

- more -

For more information on Edge Systems One One Edge, One Fascia and One Coping, visit Metal-Era's website, www.metalera.com, or call 800-558-2162.
